Healthcare Solution
CONDITION WOMAN

컨디션 우먼

■ **Condition WOMAN**

■ **Ingredients**

Vitamin E, Fish Collagen, Cellulose, Hyaluronic acid, Calcium Carboxymethylcellulose, Hydroxypropylmethyl Cellulose, Magnesium Stearate, Stearic Acid, Silicon Dioxide, Titanium Dioxide, Glycerin Esters of Fatty Acids, Annatto Extract, Food Red No.3

Supplement Facts

Vitamin E : Protects cells from oxidative damage

Fish Collagen : Maintains skin elasticity

Hyaluronic acid : Keeps skin moisturized

Serving Size 2 Tablets		Servings per container 45		% Daily Value	
Calories	7 kcal				
Carbohydrates	less than 1 g	0 %	Fat	0 g	0 %
Protein	1 g	2 %	Sodium	0 mg	0 %
Vitamin E	11 mg α-TE	100 %	Collagen	1000 mg	
Hyaluronic acid	200 mg				

■ **Directions**

For adults, take two(2) tablets daily, preferably after a meal.

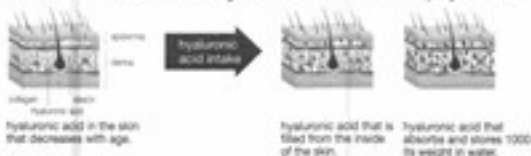

■ **Health Information**

Why is hyaluronic acid important?

hyaluronic acid, first discovered in the 1930s, is a component of animal's skin, and plays an important role in the gel formation when combined with a large amount of water.

It is a highly hydrated polymer that is widely present in the human body and is characterized by excellent water retention. It is important for maintaining the structure of the skin.

It also absorbs 1000 times its own weight in water and store it in a deep layer of the skin.
